Yes, for sure. I will let my management know this is how we recommend proceeding.

Thanks.

I don't see why not. Attorney Work Product / Ex. 5. And since it is 18<sup>th</sup>, and the workgroup leader wants something by 19<sup>th</sup>- do you think you could hold off saying that until am of 19<sup>th</sup>?

Terri,

We will discuss with our management.

Would AED find acceptable if we respond to OAR by stating that we agree to the expedited FAR meeting scheduled for November 15 on the condition that we receive the complete FAR package by the promised October 30 date (providing at least 10 working days to review)?

Rob and Sara- I will let Phill and Apple know that OC is taking the lead on the request- so we don't get things confused in the briefings.

Rob,

The Options Selection for the reclassification rule has been delayed to October 18<sup>th</sup> (The meeting notice came yesterday, so I had already updated the dates on the MAMPD weekly). At the workgroup meeting today, they let us know that they are also requesting expedited FAR, with the intent to send us the FAR package on October 30 and FAR scheduled for November 15 (10 working day review). However, they want a response on the expedited FAR request by October 19<sup>th</sup>. In the past we've gotten direction from the AA that we shouldn't agree to expedited FAR if we don't have the necessary materials to review. Here we have a promise of the materials, but nothing in hand (and presumably the materials are not finalized since OS hasn't happened yet). Please let me know how you'd like me to proceed. Thanks.
